

## **TM LIONS HELP Civil Protection**

**TM** Lions were extremely proud to provide a specialist shelter to our local Civil Protection team. They can use it to provide shelter for their staff when dealing with forest fires, to process immigrants they pick up on the coast or to help process candidates for Covid vaccinations. Whatever the Civil Protection team are called on to do, this versatile item will be put to use. **TM** Lions donated €4000 to cover this purchase.
